

Generac Power Systems 5 Year Limited Warranty Extension for Portable Generators Below 7500W

Generac and purchaser hereby amend ("Amendment") the term of the original warranty for the generator ("Original Warranty") from the term originally stated in the Original Warranty to a term of five (5) years or two-thousand (2,000) hours ("Term Extension"), whichever occurs first. If purchaser's Original Warranty had already expired, this Amendment revives the Original Warranty and replaces its term with the Term Extension. This Amendment also amends warranty coverage in the Original Warranty to the coverage listed below from years 1-5 ("Coverage Extension"). The Coverage Extension shall not retroactively apply to cover any warranty work performed before the date of the Amendment. For clarity purposes only, the amended warranty is stated below in full.

For the period of warranty noted below and beginning (or began, whichever applicable) upon the successful registration of the unit*, Generac Power Systems, Inc. Any equipment that the purchaser/owner claims to be defective must be evaluated by the nearest Independent Authorized Service Dealer. Emissions warranty coverage, if applicable, is detailed in a separate emissions warranty statement. *If not registered within 6 months of purchase, the warranty term will begin on the date of the purchase.
